1 House Model

We start with a 3D model of your house and outdoor space. This map helps visualize functional zones and intelligent flow between spaces.

This is a critical tool to confirm we design to an accurate deciption of your space and for you to share any preferences for where we will place design elements.

Feedback Studio

Our online feedback studio makes it easy to give feedback on your designs. Click anywhere within your designs, leave comments, provide additional photos or inspiration, and ask questions. This digital platform allows for efficient and clear communication with your designer.
